

**Elaine Chiu 趙綺婷**

Elaine Chiu, b.1996 in Hong Kong.  
Works and lives in Hong Kong.

Chiu graduated from the Art History and Sociology Department of The University of Hong Kong in 2018. She explores the concept of parts and unity of urban landscapes, through grids that decode and abstract into pixels, reassemble and integrate into plates, offering an in-between perspective to unity that blends modern Eastern and Western visual languages. Informed by her early on-location sketching experiences in the districts affected by the urban renewal of Hong Kong, in her paintings, she decodes and remeasures the rhythm and frequencies of neighbourhoods, reexamines traditions, organic cultures, digitalisation and technologies in urban environments and cities' way forward.

Chiu was enlisted in the Forbes 30 Under 30 Asia in 2023. Her works are in the permanent collections of The University Museum and Art Gallery, The University of Hong Kong; K11 Art Foundation; Société Générale and Cathay Pacific. Her publication “Before Memories Expire: Hong Kong Cityscape Aesthetics and Impressions” was published by Chung Hwa Publishing in 2023.
